APPLICANT SIGNATURE REQUIRED

INSURANCE REQUIRED (WMC 9.104.140)

- **As required by the City of Washougal, the permittee must provide the city with proof of commercial general liability insurance generally in the amount of \$1,000,000 combined single limits per occurrence, and an endorsement naming the city of Washougal as an additional insured must be provided.**
- **Or** the permittee can acquire and deliver to the City Clerk a good and sufficient Performance Bond in an amount equal to the cost of the proposed work. In lieu of a performance bond, the permittee may execute a pledge agreement and deposit cash or other collateral, if approved by the Director of Public Works, to comply with the foregoing bond provisions;
- **Or** if laying sewer or engaging in any sort of work that obstructs the streets or public places or which takes place within the public right-of-way may, in lieu of the certificate of liability insurance or bond referred to above, execute and file an annual insurance certificate and bond in such amount as may be fixed by the Public Works Director and approved by the City Attorney.
- Proof of insurance or a bond is not required for the repair or maintenance of an existing sidewalk.
- Provide a map/drawing/plot plan of proposed improvements.

Traffic Control Plan: Is required for any project **encroaching** upon or **obstructing the public right-of-way** in such a manner that it could create safety hazards or traffic congestion.

NOTE: This application may be denied or revoked if the proposed activity disrupts traffic beyond practical solution; interferes with access to fire stations and hydrants; causes undue hardship to surrounding residents or businesses; requires the division of so many public employees that services are denied to the public at large; or fails to fall within City Standards. The permit may also be rescinded at any time if complete and accurate information was not provided on the application, or if there is failure to comply with applicable legal requirements.
